New changes in NYS Equine Liability Laws.

James T. Towne, Jr. specialist in Equine Law in Albany and Saratoga

Not only relevant to the driver in New York State, but how do we reduce risk in our activities with our horses. How are cases viewed by the courts and what we can do to protect ourselves as we pursue our lives with horses.

The Rhythm and Tempo of the Horse

Tamara Healy & Jeff Morse

Here is a topic that developed from a previous presentation. Expert Draft Horse Trainer, outstanding Competitor and Music Teacher will collaborate with our ever popular, noted horse trainer, Jeff Morse to help us understand how to feel the rhythm and tempo to move our horses. Improve your horse, by improving what you know. **Practical, Interactive and Helpful.**

And here's a story like you never heard before.

What happened to the Morgans in the Beth Hoskins Case*?

Chris Cassenti

Morgans seized by the court, some stood untouched 10 years in a stall. Noted Horsewoman and Morgan Expert, hired by the NYS Court, led the dispersal of these 69 neglected and abused horses. ***Google the case.** Come hear the story of what happened to the horses from the person that went on the property. She got them out and resettled in 39 days, after years languishing in the courts. Fascinating, and guaranteed unforgettable. Not to miss. Chris has been a professional horsewoman since 1969, established Chrislar Farm in Rowley, MA in 1979, and a well-known clinician and speaker on many horse-related/business topics. Chris has been a "Presenter" and Clinician at the famous Equine Affaire. MA in 2008 and Equine Affaire, OH in 2009. Educational, Informative and Entertaining!!!
